### **WELCOME TO OUR NEW MEMBERS**

Irma and Theo Szinger

## **The Spirit of Cobb & Co.** **Glass House Mountains** **Sunday 2<sup>nd</sup> October - Sausage Sizzle**

We will be leaving the Sundowner Hotel at the regular time of 9am and heading off on a short 40km run to "The Spirit of Cobb & Co" at the Glass House Mountains for morning tea and lunch. This short run will allow those of you with older slow cars to join in the fun and for the gas guzzlers to save some money.

After morning tea the owner will give a presentation on the history of Cobb & Co followed by a tour of the workshops. A fee of \$2 per person will be charged for the presentation and the use of the facilities for morning tea and lunch.

*Please remember to bring your own morning tea and a  
gold coin donation for the sausage sizzle.*

## RALLY REPORT

### GHEERULLA PARK - KENILWORTH - 11<sup>th</sup> September 2005

We awoke on Sunday morning of the GY Rally and were very concerned about the weather. The weather bureau people were warning of rain and for once we really hoped that they would be dreadfully wrong.

We were pleasantly surprised at the number of cars that had already arrived at the Sundowner Hotel and we set off on time and had a very pleasant drive to Conondale, where we stopped for a leisurely morning tea. Fortunately, the weather was improving as we set off for Kenilworth. Many stopped at the Cheese Factory for a while and I know that many of the members came away with lots of goodies and eskies half full.

We arrived at Gheerulla Park Kenilworth just on lunchtime and after the shortest meeting that we know of, we had much pleasure in presenting the perpetual GY Trophy to Craig & Julie Bloomfield. Second place went to Denise & Graham Douglas and third place to Phyllis & Don Streeton. We were very sorry that Vera Friar was not able to be with us to present these trophies to the deserved winners.

Thank you to all of the members who came along for the run and we hope that you all enjoyed yourselves as much as we did.

**Richard & Sue Droughton**

---

#### FROM THE SECRETARY'S DESK

What a nice run today. Thanks to Sue and Richard for a lovely run.

I really enjoyed tasting the cheeses at the Cheese Factory and sampling some other goodies as did many other members. The meeting spot was nice and quiet and I think all members enjoyed themselves.

Don't forget members, that at the AGM we will be organising the runs for next year, so please put your names forward to sponsor a run next year. It is rewarding and good fun to sponsor a run and pick out a destination.

It is hard to believe that we are almost in October and that Xmas will be here soon - scary thought!

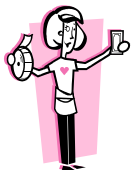

To Julie and Ron Walters and Graeme Douglas, I wish a safe and happy trip to the USA at the end of this month, come back safely.

To the rest of you - drive safely and take care till next we meet.

**Denise.**

#### \*\* SUPPORT OUR CLUB!! \*\*

Amount raised at September Club Meeting: **\$89.00.**

Donating raffle prizes is a great way for all members to become involved in ensuring our club continues to be as successful and enjoyable as it is now, in years to come. All prize donations will be gratefully received, no matter how big or small. If you have something you would like to contribute, please contact Joan Humphrey's (Fund Raising Coordinator) on (07) 3264 4384

## Snow Sefton - Pioneer of Airstrip Racing at Strathpine

From 11th August 1946, the abandoned World War 2 Strathpine No.2 Airstrip (now Spitfire Avenue) hosted Queensland's first post-war motor racing. The first event was called the Victory Speed Carnival. The track was made by Snow Sefton (1911 - 1991) and fellow enthusiasts by 'borrowing' the Pine Rivers Shire Council's road making machinery. They worked like beavers all weekend, returned the equipment before dark on Sunday night, then wired the depot's fence back up. (Most of the councillors were farmers who lived out of town and wouldn't have heard the racket!)

For the first few years, the track was straight up and down the airstrip. Empty 44-gallon drums were placed down the centre of the runway and hay bales were laid out to mark the turns. This made a total lap distance of 1.4 miles.

In 1953, a loop through the trees at the southern end of the track was made, near what is now Buckby Street. The loop rejoined the track on the eastern side and was sealed with sump oil. It wasn't properly sealed until 1955 when a matching chicane was added on the airstrip itself. Immediately after the chequered flag fell for the last time on the 11th of October 1959, the surrounding area was subdivided for residential development.

Snow Sefton, proprietor of the Lawnton Garage for more than 30 years, provided support and competed at races around Brisbane in the post-war period in various vehicles. One of his most famous cars, the "Strathpine Special" was a war surplus Jeep, powered by a side-valve Ford V8. It operated in either front or four wheel drive modes. 2WD for circuit racing and 4WD for hill climb events which were held locally at White's Hill.

Snow was always the crowd favourite at the Exhibition Speedway every Saturday night in Brisbane with his black and white 1936 Ford (the No.36). Snow's sponsorship deal for the 1936 Ford is a classic story in itself and involved some of Brisbane's biggest Holden dealers! He was also famous for thrilling country crowds with his stunt driving at shows all over Queensland up until the early 1960s.

### ***Painting***

One day, an out-of-work man knocks on the door of a home in an upper-class neighbourhood. The lady of the house answers. "Pardon me Mam, I'm out of work and looking for any odd jobs that people need done. I'm very handy with everything from repairs to yard work, to painting..." "Painting?" the woman jumped in. "Oh, yes, Ma'am! I'm a very careful painter," the man replied, his face brightening at the realization she could provide him some work. "I'll tell you what. My husband just bought some green paint last week to paint the porch out back with, but we haven't had any time. If you can do a good job, then you can paint it before he gets home and surprise him. "Now, do a particularly good job and paint the trimmings white also, and I'll pay you an extra bonus." "Oh yes, Ma'am, I'll do an excellent job!" He was told the paints were also around back in the garage. A few hours later, the man returns to the door. "That was quick, did you do a good job?" the woman inquires. "Oh yes Ma'am, two coats! But there's something you should know," the man says. "That's not a Porsche, that's a Mercedes!"

### ***The Cab Driver***

A tourist is picked up by a cabbie in New York on a dark night. The passenger taps the driver on the shoulder to ask him something. The driver screams, loses control of the car, nearly hits a bus, drives up on the sidewalk, and stops inches from a shop window.

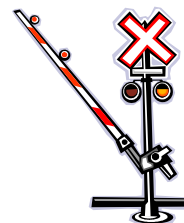

For a second everything went quiet in the cab, then the driver said, "Look friend, don't EVER do that again. You scared the daylights out of me!" The passenger apologizes and says he didn't realize that a "little tap" could scare him so much. The driver, after gathering himself together replied, "Sorry, it's not really your fault. Today is my first day as a cab driver - I've been driving hearses for the last 25 years!"

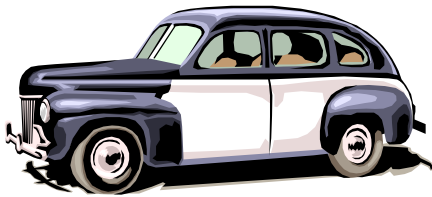

### ***Racing the Train***

"I knew of a driver who was going at 140km/h trying to beat a train to a level crossing!"

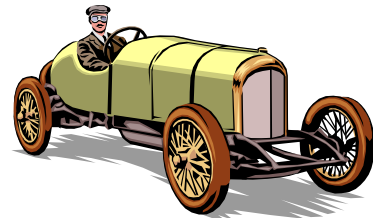

"Did he get across?"

"Yes, a lovely marble one!"
