Don't forget – go up and introduce yourselves to our new members and make them feel welcome!!

General Business:

Geoff Smith spoke in detail about the upcoming QCC Rally and asked for member participation on this event. This is probably the biggest thing our club has undertaken and will require the help of as many members as possible to make this a success.

Geoff estimated that the cost for the weekend over the three days would be approximately \$200.00 per person – this includes all meals except breakfast, runs on each day and night time events. Please members, support you club for this event.

Geoff indicated that funds are needed for this weekend for advertising, incidentals, bookings of halls, trophies, etc, and funds will be required. Instead of having to have amounts passed at each meeting, Geoff moved that we have a “working fund” so to speak - of up to \$3000 approximately so that we can pay for these things as they come up. This motion was seconded by Ron Walters. All members were in favour.

John Embleton asked that members **please be more active in our club.** Of late the

same people are the ones who seem to do everything. John encouraged members to get involved a bit more and keep our club the success that it is. We can only do this with active participation of members who give their time. This should not just be committee members and office bearers.

As there have been a few resignations from members in the QCC committee, we would appreciate any members joining the so that we have a bit more help. This committee is an integral part of the organising for the rally in June.

Denise wished Lyn Burgess all the best. It is great to see Lyn attending today after being ill for some time. Good luck with your future good health Lyn.

Winners of today's run sheet questionnaire were:

1st place - Beryl & Mal Watkins

2nd place - Julie Walters

Consolation prize went to the Mole family for tying for 2nd place. Thanks to all members who participated in the fun questionnaire on the run.

After no further business, the meeting closed at 12.05pm

FROM THE SECRETARY'S DESK

Well happy New Year to you all – it was great to catch up with so many of you on the run. Thanks to Richard and Sue for finding such a lovely spot. It was really terrific to see so many new faces on the run today as well – and old faces as well of course.

I have made a list of my useless titbits below and hope that you enjoy these useless bits of information.

- From outer space, Las Vegas is the brightest city in the world.
- The Alphabet song, Twinkle Twinkle Little Star and Baa Baa Black Sheep are sung to the same tune: A 1765 French song title Ah! Vous Diral-Je Maman
- It's against the law to stare at the Mayor of Paris
- Only 6% of coupons printed are ever redeemed.
- The average caterpillar has 2000 muscles in its body – a normal human body has just 700.
- Thirty million years ago, there were palm trees in Alaska
- The average office chair with wheels will travel 13km every year.
- The common house fly can carry more than 25 diseases.
- On any given day, half of the world's population will eat rice.
- The world's oldest pig lived for 68 years.
- Each year, India increases its population by 20 million people
- The Earth weighs 100,000 tonnes more today that it did this time a year ago
- Female canaries cannot sing
- Apple has sold more than 10 million I pods since their launch in 2001
- There are more than 1800 species of flea
- The only food cockroaches won't eat is cucumbers
- 24% of M & M's are blue
- Lyrebirds can imitate any sound they hear – from a car alarm to a chainsaw
- The average talker sprays about 300 microscopic saliva droplets per minute
- Each hour, the church of Scientology recruits more than 130 new members
- A can of SPAM is opened every 4 seconds
- Some lions mate over 50 times a day (I'm coming back as a lion in my next life)!!!!!!
- In a study of over 200,000 ostriches over a period of 80 years, no one reported a single case where an ostrich buried its head in the sand

- A snail can sleep for up to 3 years
- Bullet-proof vests, Fire Escapes, Laser Printers and Windshield Wipers were all invented by women – Yeah – go the girls!!!!
- Apples, not caffeine, are more efficient at waking you up in the morning

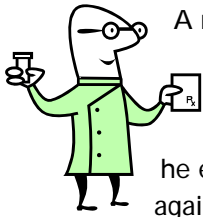

Well that's my useless bits – hope these keep you entertained. I will keep searching for more useless bits for you for next month.

Cheers to you all. Happy motoring and drive safely.
Keep smiling.

Denise

The Pharmacist

A nice, calm and respectable lady went into the pharmacy, right up to the Pharmacist, looked straight into his eyes and said, "I would like to buy some cyanide." The pharmacist asked, "Why in the world do you need cyanide?" The lady replied, "I need it to poison my husband." The pharmacist's eyes got big and he exclaimed, "Lord have mercy! I can't give you cyanide to kill your husband! That's against the law! I'll lose my license! They'll throw both of us in jail! All kinds of bad things will happen. Absolutely not! You CANNOT have any cyanide!" The lady reached into her purse and pulled out a picture of her husband in bed with the pharmacist's wife. The pharmacist looked at the picture and replied, "Well now. That's different. Why didn't you tell me you had a prescription?"

The Taxidermist

A bloke walks into a bar in New Zealand and orders a shandy. All the Kiwis sitting around the bar look up, expecting to see another Australian visitor. The barman says, "You ain't from around here, are ya?" The guy says, "No, I'm from Canada." The bartender says, "What do you do in Canada?" The guy says, "I'm a taxidermist." The bartender says, "A taxidermist? What the heck is a taxidermist? Do you drive a taxi?" "No, a taxidermist doesn't drive a taxi. I mount animals." The bartender grins and yells, "He's OK boys. He's one of us."

Apologies to all New Zealanders out there, I just couldn't resist! Ed.
