Julie moved that the Treasures report be accepted. Seconded by Brenda Byrnes.

Motion carried.

Combined Council Report:

Denise attended again this month and took Julie along as a rep of the QCC Committee. Christine read a bit of John's letter out to the members and said that she was very upset and that she did not appreciate a personal attack on both herself and her husband regarding the QCC's help in regards to the QCC rally. John had sent a letter to Christine stating that he was not happy at all on behalf of our club and addressed several issues that had arisen in regards to

the QCC's complete lack of interest in their own event. John stated that the trophies were a disgrace, all dusty and the engraving was pathetic, also that the QCC contradicted themselves in regards to member attendance at Gympie, they did not even have a representative attend to officiate at the trophy presentations (Richard Eggesfield stood in - thanks Richard) and basically went on to say that despite that fact that we had no assistance at all from the QCC, the rally was a great success. Emails then went backwards and forwards from John to Christine that got a bit heated. John apologised to Christine if he had offended her or Greg in any way and stated that he was just upset by the total disregard the council had towards our club in regards to the rally.

In the general business section of the meeting Denise spoke to members about the rally and confirmed that the rally was a great success. All the people attending had a wonderful weekend and we made some new friends. Denise stated that she is sure due to the success of this rally that there would be more participation in the rally next year, particularly from our own club members! All those who attended commented on how great the food was at each stop and I think most people were happy for the weekend to end before we all put on a lot more weight!

Denise also spoke to Christine and stated that it was not John's intention to upset anyone - just that all of our QCC committee were just generally cheased-off with the participation of the QCC council. Nothing more was said on the matter.

In regards to other council information, nothing really to add from last month. Until the meeting with Queensland Transport in July there is not much to tell members.

Remember that the AGM is coming up and they are looking for new committee members. If anyone is interested in filling a position on the QCC please let Denise know. Meeting from then on will be bi-monthly.

Rally Report:

Peter thanked members for attending today. What a great turnout! Thanks to **Ron and Brenda Byrnes** for today's run. Please see Page 8 of this newsletter for details on upcoming events.

Raffle:

Amount raised: \$160.00

(Big thanks to Robyn and Neil for today's raffle) **Winners:** Gloria Groves, Gary Hay, and Gail Masters. Congratulations to our winners today.

General Business:

John Embleton told members that the Crows Nest weekend is all organised and members had been given their information sheets on where to go etc, and a good weekend should be had by all.

John informed members that a founding member of the club, **Reg Johnston**, had recently passed away and offered condolences to the family.

Denise read the answers out for the questionnaire for today and was happy to announce **Gladys and Peter Rohan** as the winners. Congratulations.

Combined Council Rally update:

Both Geoff Smith and John Embleton thanked all members for attending and especially a big **THANKYOU** to all the helpers who helped make the weekend such a success.

John, Geoff and Julie donated their expenses back to the club as a donation. All members gave them a clap and thanked the three of them for their generosity!!!!!!

After no further business the Meeting closed at: 12.15pm.

HAPPY BIRTHDAY!

to the following members for *July*:

Neville Brown
Lyn Burgess
Lois Copeland
Graeme Douglas
Richard Droughton
Gloria Groves
Vera Friar
Geoff Smith
Julie Walters

**** Don't forget if you have not already done so - please give Denise your birth date so that we can all wish you happy birthday ****

JUNE WAS AN EVENTFUL MONTH FOR CHRIS MOY AND HIS FAMILY!

On the 16th June, Chris attended a Ute Show on the Sunshine Coast and was pleasantly surprised to walk away with prizes for the following categories:

- 1st for Best Restored
- 1st for Best Presented
- 2nd for Best Holden Ute

And to top it all off, he was also awarded a large wooden plaque for Runner's Up Over All!

Then just a mere *six days* later (22nd June) Chris' wife, Amanda, gives birth to twin girls. Pyper weighed in at 6.5 pounds and Phoebe weighed in at 6 pounds.

Just when you would be thinking your month couldn't get any better, Chris' Holden Ute is featured in the July/August edition of the 'Australian Ute' magazine. It's great to see this spectacular ute receive a three page spread!

PRESIDENT'S REPORT

Well it's July already. Feels like Christmas was only a month ago and I'm still trying to find a free weekend to unpack boxes since I moved house in January. It actually looks as though that's about to happen because I've decided to take two weeks off work at the start of next month, yay!!!

This year's RACQ Motorfest was a spectacular event as always. It is the only event in south east Queensland where you can see so many vintage, classics, rarities and oddities all in one place. If you haven't been to one yet, you should! It's a very well organised day and a credit to everyone involved.

I had a minor issue with my EJ Premier at the Motorfest. When I arrived it was blowing a bit of steam. Turns out the alloy water pump had finally corroded itself a little pressure relief hole. Not much I could do about it but fill it up, leave the radiator cap loose and stop every few kilometres on the way home to top it up. I've now got the car in Dad's workshop for a few weeks while we do some due maintenance. I'm putting an EH 179 radiator in it because they're a bit bigger and it used to always run a bit hot in summer with the mild 202 engine. I also decided to fix the heater core while I'm at it. It started leaking about ten years ago so I bypassed it and thought I'd fix it later on. Now that later on has finally arrived, I'm also gonna do a few other minor repairs, like put in some new front kick panels in and install an original radio if I can find one. So here's the point of me telling you all this, I'm trying to find an original EJ/EH radio, preferably the push button type (see picture) as that's probably what the Premier originally had. So if anyone has one or knows where one is, working or not, please, please let me know about it!

Rally Report - July run to Virgin Blue Pilot Training Facility

What a magnificent job by Ron and Brenda Byrnes in getting us a tour of the high security Virgin Blue pilot training facility. We had a massive turnout of members arrive all keen to take a look. There must've been over 1000 of us! Well, actually about 100, but that's much more than we usually get. This place trains commercial passenger jet pilots 25 hours a day, 390 days a year. They have five of these giant playstations (as pictured) all fitted out just like the actual cockpits and mounted on hydraulic rams to make the tilt just like the real thing. These machines are so

realistic to fly that the training pilots actually log their hours in them as real flying time. An instructor can sit behind the pilots and simulate any weather condition and mechanical fault. This allows them to experience the extreme while staying firmly attached to the ground. Worth around 5 million each, these are toys most of us will only see once in a lifetime. While we were there, the Virgin Blue PR guy took photos of the cars in front of their sign and asked us a few questions about CHACC so they can do an article of our visit in their magazine.

Since we had such a massive turnout, we had to take the tour in batches of around 20 people. Though, nobody minded waiting as Ron and Brenda and their lovely daughters had organised a scrumptious morning tea of jam and cream scones and tea/coffee for everyone.

Next we headed off to the landing and takeoff viewing area where we held our meeting and had lunch while watching plane loads of busy people coming and going. There were no toilet facilities in this area so Ron and Brenda had organised a porta-loo to bring along.

What a great day! Where are you taking us next year Ron and Brenda?

© John Pritchard.

FROM THE SECRETARY'S DESK

A big welcome to all who attended today. What a shame we don't have this many people attend on a regular basis! My sincere thanks to Ron & Brenda for today's run. It was certainly an education going through the Flight simulators - what a shame we couldn't start one up! I could have stayed in there for hours!

Anyway, I have put my usual "useless titbits" below:-

- Irving Berlin is the only Academy Awards presenter to give himself an Oscar
- Butterflies taste buds which are in their feet, are 2400 more sensitive than human tongues
- A blind chameleon will still change colour to blend in with its surroundings
- 27% of female lottery winners keep the ticket in their bra
- In an authentic Chinese meal, the soup is left until the last course to enable the roast duck entrée to swim towards digestion.
- Absolute gold is so soft it can be moulded with the hands.
- In the first three months of 2007, Apple shipped 10, 549,000 Ipods
- There have been 148 manned spaceflights in the history of NASA
- The couples "kiss" at the end of a wedding originated in early European times when a couple would have sex for the first time in front of the whole village (glad I didn't live back then!)
- Michael J Fox was three years older than his screen dad in Back to the Future
- It takes three hours to fill up the space shuttle's 500,000 gallon fuel tank
- Until 1978, when authorities finally gave in to feminists, all hurricanes had female names
- 16% of Americans have tattoos, but among gays, lesbians and bisexuals, it's 31%
- Healthy adult cats are in light sleep for 50 per cent of their lives
- Three out of four shoplifters are women
- When he was young and poor, painter Pablo Picasso burned his artwork to keep warm
- During her whole life-time, Queen Isabella of Spain (1451-1504) only bathed twice (how do they know this - really?)
- The most popular boys name in Poland is Carol
- In Oklahoma, it's illegal to make "ugly faces" at dogs
- A woman's arthritic pains will almost certainly disappear when she is pregnant
- Ice cream was invented in China around 2000 B.C
- Cold water weighs less than hot
- A group of foxes is called a Skulk

That's it for me for this month.
Hope to see you all on the next run.
'Til then, safe and happy motoring.
Keep smiling.
Denise.

C.H.A.C.C. RUNS and SOCIAL CALENDAR FOR 2007

Contact Peter Rohan on (07) 5428 6025

WEDDING CAR WANTED

The date of the wedding is Saturday 1st September. Pick up would be from Caboolture River Motel, Morayfield Road, Caboolture at 2.30 pm for 3pm wedding ceremony. Ceremony will be held at 62-64 Thunderbird Drive, Burpengary. I envisage it should take no longer than one hour. The wedding party will consist of two adults and two children, so one car would be sufficient. Any nice classic or vintage vehicle will do. Payment is negotiable.

To express an interest, please contact Maxine Heath on (07) 3888 3272 or 0438 174 516 or email: maxine.heath@hotmail.com
