**Social Director's Info:** Jan updated members that she had confirmed a booking with the Beachmere Tavern for our Adult Christmas Party Dinner on 5<sup>th</sup> Dec. Jan had also spoken to the Caboolture Regional Car Club re the possibility of a joint run together some time this year. They have their meetings on the first Wednesday of the month so will get something to them in writing for their next

meeting. Kim Bowers had also spoken to the Bribie branch of the Sunshine Coast Antique Car Club who said they would get back to us after their next meeting, but in general thought a combined run would be great.

**General Business:**

- SCN has been emailed to everyone with an email address for the May issue - except those who have advised otherwise. Postal ones not out yet as not back from the local member's office.
- Vote of thanks to Jan Blake from Gloria Groves (via phone) for continuing the Sergeant of Arms task in her absence.
- Regards other Club/s combined run, it was the general consensus to make it a Breakfast and then run - mid month with no meeting.
- Alf D'Acunto suggested the address and contact details for our member's listing should be deleted from names and vehicle details registrar for security reasons. Majority of members thought this would be a prudent move.

**Raffle Results:** Thanks to Alf & Jenny D'Acunto members contributed \$84. 1st Prize went to Lyndy Melville. 2<sup>nd</sup> Prize went to Widge.

**Show 'N' Shine Results:**

Members voted their first and second choices of vehicles in attendance. Geoff & Gillian donated two great prizes for the winners, then presented the President's Trophy and gift for 1<sup>st</sup> people's choice for his 1955 TF 1500 MG went to Les Arnold with a total of 12 votes.

Congratulations Les & Rob. Other honourable mentions should go to the remaining recipients of votes. Kim's 1954 Mercedes, Mal & Beryl's 1960 Morris Minor "Mozzie", Geoff & Gillian's 1975 Mercedes and Neville & Barbara's 1957 Zephyr Ute.

## From the Secretary's Desk

We have been contacted by the Bribie Branch of the Sunshine Coast Antique Car Club to join them in a display of our vehicles at St. Michael's Annual Fair at the Abbey. Unfortunately - not much notice for communicating to members, but pending the issue of this June SCN, if necessary I can email those members who have access. Details are - May 30<sup>th</sup>, (which is a Saturday), 10.30 am until around 3pm. There will be plenty of food stalls and other activities happening, so would be great we think to join in with this Club - bring our own banner and shelter and enjoy the day. You can leave whenever you like so you aren't committed to stay the full haul. We are suggesting to meet at the Sundowner @ 10am (depart 10.15am) and travel direct to the Abbey - on Bribie Island Road (is well signposted), or see you there when you can make it. This is the first step in our inter-club liaison and hopefully we can continue with many others clubs soon - i.e. Caboolture Regional Car Club.

Chacc has also been contacted by the organiser of the Caboolture Restoration of Warplanes, and they are planning a big display on Sunday August 2<sup>nd</sup> 09. We have been invited to join in their day with our classic & historic vehicles. Food and drinks will be available and it will be between 9am and 3pm at the Caboolture airfield. Unfortunately this date coincides with our monthly run which has gratefully been volunteered by members Alf & Jenny D'Acunto. Alf & Jenny have agreed to swap their run with ours in October, which is greatly appreciated.

A couple of minor dramas in our lives this month makes me want to thank CHACC members for their instant agreeance in coming to our assistance. We had our HR do a harmonic balance on Morayfield road and being old and decrepit, and stressful, we immediately phoned a club member for the loan of his car trailer. Immediately, yes, it was at our disposal. This being picked up, then a stop off at Super Auto Cheap for an adaptor plug and some tie-downs, \$60 later we were on the road. Only then did the 'penny drop' - you idiots Kim & Carol, you are members of the RACQ and for the price of a phone call they would have towed us home. Many thanks Ronnie Brynes for the loan and use of your car trailer. We owe you.

Only this week with all the rain we have had, we found our yacht in mortal danger of sinking - pending the rate at which the Caboolture River rose or fell. To the rescue, Rob Blake and his tinnie and 30hp with able bodied seaman Geoff - straight from night shift at the bakery. Couple of hours of their time and equipment and problem was solved. Many thanks Rob & Geoff and of course Gillian and Jan for sparing your better halves for so long.

Proves we have people in the Club who are willing to put down everything they are doing to help one another out - and we think that is tremendous.

Memos were posted out to members with their hard copy of the May SCN , that their email address was incorrect and to please advise us of the correct details. Unfortunately only 2 members bothered to respond. If you could give me a call to rectify this, it would be very much appreciated.

Happy motoring and do hope to see some of you at St. Michael Fair on Saturday May 30<sup>th</sup>.

### **Some interesting facts & information.....from Mal Melville**

“Caboolture” is derived from Kabi words meaning “Place of the Carpet Snake”. The Kabi people harvested bush food, fresh water mussels, oysters, fish and some game animals, moving around the land to take best advantage of seasonally available produce.

“Burpengary” comes from Burpen-gar, meaning the place of the green wattle tree. This tree, sometimes also called the early black wattle, grows in open forest country.

“Dakabin” comes from the Yugarabul Aboriginal language meaning grass tree or grass root.

The Jagera and Turrbal groups occupied land in the Brisbane and Ipswich areas. The exact clan boundaries are not known, however, the Turrbal people generally occupied the area north of the Brisbane River. Both groups had closely related languages that are classified as belonging to the larger Yaggera language group.

Tom Petrie, an early settler, indicated that the Turrbal language was spoken as far north as North Pine, west to Moggil and Gold Creek, and south to the Logan. He built a homestead he named "Murrumba" meaning good.

"Carseldine" was named after fencing contractor William Carseldine who settled in Bald Hills in 1858. He went there to work for John Stewart, who had settled on the site now occupied by St Paul's school. The family name is usually spelt Castledean. William was illiterate and his son John spelt the name as best he could; hence the variation. The Carseldine family made important contributions to the community. His son, James, established the first store in Bald Hills in 1869 which acted as the post office and later a newsagency. John was instrumental in establishing the track which later became Gympie Road.

In November 1860, Henry St John Bridgeman bought land bounded by Albany Creek, Albany Creek Road, Bridgeman Road and Beams Road. Important families in the region included the Beckett family, who lived in Beckett Road until 1914.

Keperra is believed to be an Aboriginal name. Some sources say that it is derived from the word "Kipper" which is an Indigenous word given to a youth who has reached the age of initiation.

"Enoggera" is derived from the word Yowoggera which means corroboree.

## Mid-week/Month run on Wednesday 13<sup>th</sup> May 09

The weather was great when we assembled at the Humble Pie car park with some people obtaining coffee etc from the pie shop and others enjoying a first time viewing of Andy & Sally's new addition to their 'fleet', a beautiful Triumph 2500 TC, immaculately restored over the past two years by them. Job well done Andy & Sally.

We had 8 vehicles - 14 members. (not including Bob & Gloria Harmsworth)

Attendees:

Peter & Gladys Rohan, Hudson & Ita Davies, Andy & Sally Byrne, Don & Val Follett, Beryl & Mal Watkins, Terry Heilig, Kim & Carol Bowers and first time run attendee (but long-time member) Peter Watling.

Apologies from Neville & Barbara Brown and Les Arnold (who was off on a cruise).

Straight forward run to Bob & Gloria's residence @ Beerwah surrounded by the spectacular Glass House Mountains. Mal & Beryl & Terry met us there.

Our hosts (Bob & Gloria) graciously welcomed everyone and a cuppa was enjoyed by everyone before Bob introduced his display of stationary engines. He had dragged 7 out for demonstration, leaving quite a few more in his workshop.

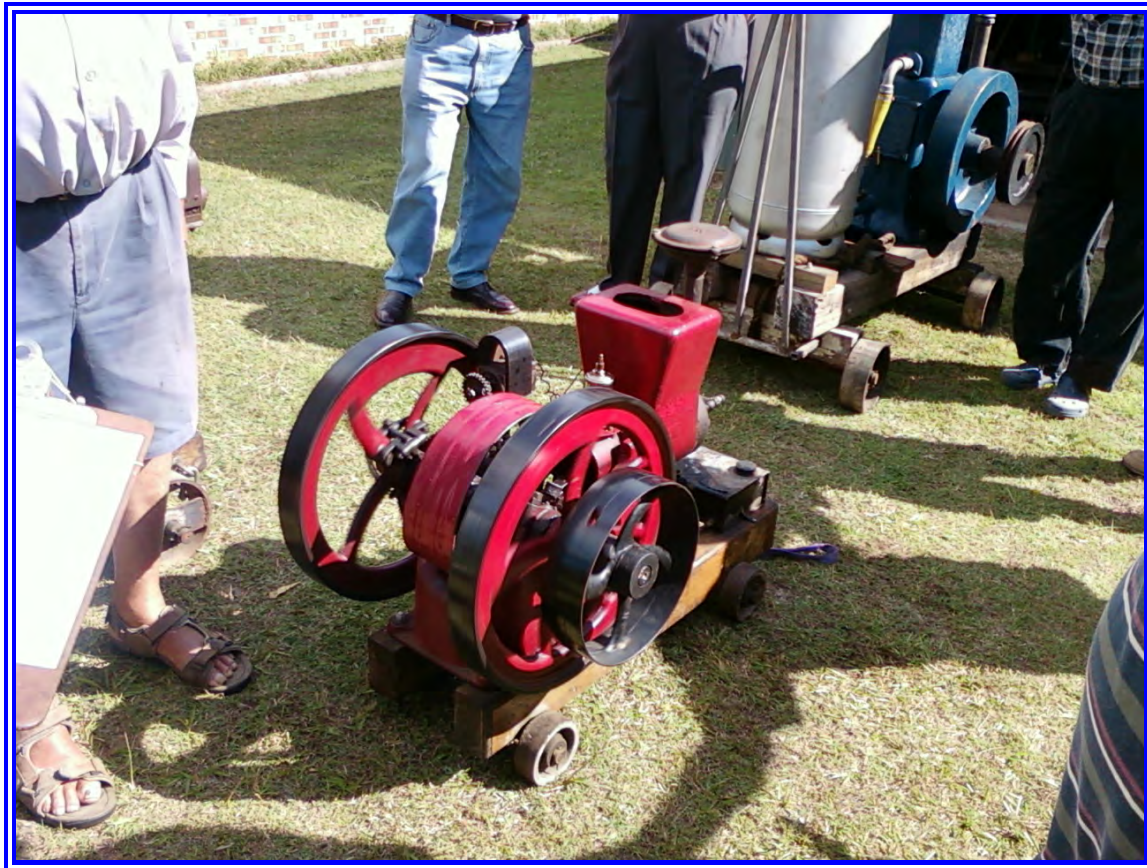

Whilst Bob and the 'boys' went thru the history of the display and managing to start up 6 out of the 7 (the stubborn 1913 Tangye just wouldn't tick over for them), Gloria (the hostess with the mostest), proudly gave the ladies a tour of their beautiful home and garden. Another one of Bob's hobbies was wood and the beautiful furniture in their home is a tribute to his obvious talent in that area.

#### Engines on display included

CAPEL	1923	3HP built in London
WOLSLEY	1927	3HP (350rpm) built in Birmingham England
WOLSLEY	1930	6HP built in Birmingham England
MARS	1957	5HP Built in Bridge Street Fortitude Valley Brisbane By Rapson & Dutton
ALBION	1918	4 & half HP made in Yorkshire, England
TANGYE	1913	Low tension magneto (no spark plugs)...NO GO! Built in Birmingham England
AMANCO	1920	2 & half HP Made in USA Ohio (the RED one)

After the display of them all (except the Tangye) in working order, we retired to a relaxing lunch and further chats. All attending members thoroughly enjoyed the day and the hospitality of Bob & Gloria. As Peter & Kim 'absent-mindedly' left their cameras home - a big thank you to Peter Watling for taking a few photos of the day.

Note - Bob is looking to sell some of the larger engines to make room for another classic car to keep his beautiful 1954 Riley company, so anyone who wants to broaden their interest, here's an ideal opportunity. Bob's phone contact is 07-54946121.

## **CHACC CHATTER .....Meet the Beatsons**

Graham and Jan Beatson have been in the Club for about five years and own a 1955 Standard 10 Woody.

Graham bought the car in a classic mid-life crisis situation – it was the same type of car as he had when he was 17 and he travelled all the way to Goulburn to pick it up.

Originally the car was bought so he could carry his drums around.

Now for the flashback.....His band was the *Vaqueros* (Spanish Cowboys). There were five in the band and they played Beatles music. In fact they used to play in Brisbane at the Sombreros and the Grand Hotel, so some of you may have danced to his band! The Grand Hotel was pretty rough so the “groupie” (Jan) wasn’t allowed to attend and had to stay home. To give an indication of what a dodgy place it was, as a regular thing the black maria used to load up with patrons every Saturday night.

The couple now have two daughters and one son who have made them grandparents six times over.

Graham is in the commercial air conditioning business and looking forward to a soon-to-be retirement. He has been doing stained glass for the past 24 years and consequently there are lamps and windows decked out in stained glass motifs everywhere in their home of 42 years. Glass is getting quite expensive now though so he is going to branch out into mosaic platters.

An interesting experience he had was being stuck in a lift with a politician. Not such a good experience either.....Grahame discovered how rude the pollicie could be. Wonder how we’d all go, stuck in a lift with a politician?

Jan is on 12 months’ long service leave from Telebet, where she’s been working for 25 years. Although working only part-time now, she too, is looking forward to retirement soon. Her hobbies are mainly gardening, some handcraft and reading – she will read anything but not Mills & Boon! Although her garden is Jan’s favourite pastime, she now finds it a little difficult due to a hip replacement.

Jan was brought up on a Cribb Island dairy farm, but progress has meant Cribb Island is now part of Brisbane airport property. She went to school with the Bee Gees – whose family still owe her Dad milk money.....over 50 years’ interest would probably be worthwhile collecting now!

## THEATRE OUTING

Alfred Hitchcock's classic spy thriller has been brilliantly and hilariously recreated for stage.

If you are interested in attending 'The 39 Steps' play at the Twelfth Night Theatre in Brisbane on Wednesday 3<sup>rd</sup> June, please contact Widge on 04040 86290 before Monday 1<sup>st</sup> June. If we can organise a group of at least 10 people, tickets will cost \$39.90. It's short notice and I will be giving you plenty of advance warning of their next production 'Breast Wishes' in July.

'The 39 Steps' was Winner – Best New Comedy Laurence Olivier Award 2007 and played West End and Broadway.

### (Politically Incorrect) Credit Crunch Tips:

- ❖ DON'T waste money on expensive ipods. Simply think of your favourite tune and hum it. If you want to "switch tracks", simply think of another song you like and hum that instead.
- ❖ DON'T waste money on expensive paper shredders to avoid having your identity stolen. Simply place a few dog turds in the bin bags along with your old bank statements.
- ❖ SAVE money on expensive personalised car number plates by changing your name to match your existing plate. - Mr. KVL 741GP
- ❖ DON'T waste money buying expensive binoculars; simply stand closer to the object you wish to view.
- ❖ AN empty aluminium cigar tube filled with angry wasps makes an inexpensive vibrator.
- ❖ SAVE electricity by turning off all the lights in your house and walking around wearing a miner's hat.
- ❖ HOUSEWIVES, the best way to get two bottles of washing-up liquid for the price of one is by putting one in your shopping trolley and the other in your coat pocket.
- ❖ OLD telephone directories make ideal personal address books, simply cross out the names and address of people you don't know.
- ❖ SAVE on booze by drinking cold tea instead of whisky. The following morning you can create the effects of a hangover by drinking a thimble-full of washing up liquid and banging your head repeatedly on the wall.
- ❖ SAVE a fortune on laundry bills. Give your dirty shirts to the hospice shop, they will wash and iron them and you can buy them back for fifty cents.
- ❖ CAN'T afford contact lenses? Simply cut out small circles of cling film and press them into your eyes.
- ❖ MAKE your own inexpensive mints by leaving blobs of toothpaste to dry on a window sill. Use striped toothpaste to make humbugs.
- ❖ SHOPPERS, when buying oranges, get more for your money by peeling them before taking them to the counter to be weighed.
- ❖ WOMEN: Don't waste energy faking orgasms. Many men couldn't care less anyway and you could use the saved energy to Hoover the house afterwards.

- (e) Preparing for, proceeding to, and returning from the above activities.
- (f) Vehicles are not permitted to carry commercial loads.
- (g) Road testing within a 15 kilometre radius from the place where the vehicle is garaged after restoration or repair.
