JUNE 5th Monthly Run

It's our turn to organise a monthly run, sooooooo, (I know we said we would do a Gymkhana, BUT, next time, OK!!!!) We thought our members would like to go to see the Queensland Air Museum at Caloundra. We recently had a guided tour there and it was very interesting. We checked it out last weekend and have booked it in for the 5th June. We will meet as usual at the Sundowner at 8.30am for a 9.00am departure. Heading along the M1 highway till the Steve Irwin Way turn off to Landsborough, just to get off the highway and have a leisurely cruise.....from the Steve Irwin Way we continue on following the Caloundra signs till you see the airport & Airport Museum signs, going around the roundabout and turning off to the right. Then right straight into their carpark. There is plenty of parking either in the carpark or out the front.

We have plenty of time to get there, but decided against stopping for morning tea till we are there; the main

reason, there's so much to see.SO bring along your morning tea and chairs - THERE ARE NO SHOPS TO BUY STUFF!!!! We can use an area under cover inside the museum and have our monthly meeting following morning tea. After our meeting we have arranged a guided tour from 11.30am, following that, LUNCH (once again BYO). At this stage, the cost is \$9.00/head or \$7.00/head concession holders, but the Club is subsidising \$5 p.h. It is worth the fee and goes towards the upkeep and restoration process of the museum. So could you please have your money ready for me to collect at the Sundowner, that will make the checking in process faster for everyone, you can just go on through and I will bulk pay.

We thought about a beach picnic at Caloundra, but we drove around nearly ALL of them and they were way too crowded to fit our usual lot of vehicles into the car parks near them. Instead we get to lunch under one of their

large planes,(OK, so I forget the name of it, Richard's the one who knows that stuff!!!!) Hope to see you at the Sundowner on Sunday, June 5th. **Cheers, Richard & Shirli**

Note: As from March, and in the spirit of member inclusion, the winner of the Run Raffle will be expected to write a short piece on the run, for the S.C.N. This is the second of the "Raffle Winner's Run Reports".

CHACC Run Sunday 3rd April 2011

Destination: Not the Flight Centre!

Unfortunately time got away from the Ed, so the raffle winner, Joyce Till, was able to get out of presenting her report on the April run! She didn't get chased up because both Shirley Jefferay AND Alex Gallacher submitted run reports. (Gee, what keen members we have!)

From Shirley Jefferay:

Considering I was expecting to just "tag along", (Richard is away) as I hadn't put my name onto the list for the Simulator, I was pleasantly surprised to find a shorter run had been organised to Woody Point, a leisurely drive from home for me.

There was an excellent roll up at the usual meeting spot, the Sundowner, looking forward to the day's run, the sun was shining blah, blah, blah....that was to change as we got to Woody Point.....black clouds, wind & rain!!!!!! Lucky for everyone Barb & Neville had arrived early & saved a picnic area under shelter for us, thanks guys very timely.

Mind, I was somewhat concerned as Ron pulled in, he apparently "didn't see" their PURPLE UTE parked right in front & he parked on the other side??????I had to do the yelling, arms waiving thing, very attractive!!!!!! I was only concerned because HE was leading the pack!!!!!! But by all accounts that was NOT the only goof-up on the way to the spot.....our "Sarge at Arms" was giving fines all round, some for failing to "stop" at a roundabout, that's "stop going around it...." apparently some just went round 'n' round 'n' round.....one did it, the others followed!!!!!! Perhaps they just got dizzy.....

Then there was the fine for members having "non-financial dogs"?????? And I can't even recall why "poor" Les was caught, but he just had Widge pay it, she already had her purse out, in case she had been fined!!!!!! Watch out for Brenda people, she is on the prowl!!!!!!!!!!

Alex was VERY serious about that quiz sheet.....he hounded/ harassed some until they caved & filled it in.....then he quibbled about the "right" answers.....really.....my "poor" Richard did very poorly... even though he wasn't there.....Mind, Alex did read out a lot of "his" wrong answers. Champers ended up taking out the honours for most correct answers, think Widge stepped in & took the credit though!!!!!!!!!!

Thanks for another good day out guys, well done, much appreciated by all members. AND, seeing as Les had himself an "apprentice photographer" on hand, I guess "she" will have some "happy snaps" to go along with this article..... Cheers Shirl (Happy Snaps: see Page 5 – Ed.)

AND FROM ALEX: Well, here we are again, "Sunday Too Far Away" - would make a good title for a movie don't you think? Maybe even get Jack Thompson or some other Aussie macho guy to play the lead. The reason I mention this is that the title is supposed to be part of a shearer's wife's lament – "Friday night, too tired, Saturday night, too drunk, Sunday night, too far away. Unfortunately your correspondent was not far enough away on the above Sunday to get away from the onerous task of writing another bloody run report. "Sunday Bloody Sunday" might have been a better title for the start of this tome, but then I couldn't have got in the bit about the shearer's wives, and I wouldn't have an excuse for having to write another report.

However – this bleating does nobody any good so I should stop wasting valuable column inches and just get on with it! After dragging ourselves up from the depths of despair because of the cancellation of the Virgin Blue simulator run, we “put on a happy face” (good trivia question – what movie was that song in?) and fronted up to our beloved Sundowner for the alternative. As it turned out Ron Byrnes had picked an interesting run to Woody Point and it looked like being a nice day – so nice in fact that your correspondent omitted to pack wet weather gear, for either himself or the car. Alf reckoned it would not rain, which is why he brought his beautiful Mercedes – it “don’t go out in the pouring rain” (from what song? What band?), but as usual, I digress.

Setting off down the highway, our intrepid band toured through a picturesque route encompassing such pleasant suburbs as Deception Bay, Rothwell, Redcliffe and Margate before reaching our final destination at the Apex Park in Woody Point. It should be mentioned that not everybody followed the directions to the letter – some confusion ensued- but we eventually got there in one piece.

Many thanks must go to Neville and Barbara Brown who had the foresight to get there before our arrival (would you believe 8:30!!!) to reserve one of the covered structures for us AND put up a windbreak on the leeward side (the side to which the wind blows for you landlubbers) to protect us from the fickle weather which was threatening. Needless to say, your correspondent was regretting immensely his foolhardy bravado in not packing the wet weather gear. Not because he would get wet you understand, but from the fearful bollocking that he knew would follow from the “Dragon Lady”, as sure as night follows day, and said bollocking would surely last for a night and a day!!

However, it only rained briefly, and the wind coming off the sea was only borderline Antarctic so we set about enjoying ourselves as best we could. Unfortunately for your correspondent, his suggestion to a number of female members that they huddle with him for the “shared warmth” principle was met with either a stony stare or an invitation for him to perform a feat on himself which is anatomically impossible. Never mind.

Prior to our meeting, the quiz answers were divulged to the waiting throng, along with the incorrect responses of some of the members. Obviously this generated a rather lively level of discussion (and argument) as to the validity of some of the submissions, none of which can be repeated here – or for that matter in polite society in general. Winners were Widge and Les, who collected their trophy and returned to their seats amidst thunderous applause and acclamation (a bit of poetic license here, there were suggestions of collusion and trickery and other foul deeds from the disgruntled losers)

Anyway, after the lynch mob had been dispersed with reciprocal threats of physical violence our meeting followed. The President, as usual lost control of proceedings shortly after the “welcome to today’s run” bit and it deteriorated from there to an eagerly anticipated (and enthusiastically welcomed) conclusion at 11:50 AM.

I am assuming a good time was had by all, as we keep turning up each month – whether from anticipation of a good run, or to take part in the good natured banter that occurs before, during and after each run - I don’t know.....but I enjoy it regardless.

P.S. Answers to possible trivia questions at end of SCN, and they are:-

Movie was “Bye Bye Birdie” and the song was sung by Ann-Margret.
Song was “Rain” by Dragon.

ALEX

A NICE TOUCH: Sally & Andy came to the mid-week run - met us at the Sundowner, but found out we were travelling as far as Kilcoy (nearly half way home for them), unfortunately Andy wasn't feeling too well, and they were overnighing at their daughter's home in Kallangur as it was his birthday the next day and the family had a celebration for him. Last year's Mid-week/month run it actually was his birthday, and Carol Bowers made him a cake. So this mid-week run Carol made him another one. However, when she found out at the Sundowner that they weren't going to go to the Winery, Carol gave them the cake to take home.

Minutes of General Meeting, Sunday 3rd April, 2011 Woody Point

President Alex opened the meeting at 11.05am. Thanked Ron and Brenda for organising the club run on short notice after the airline pulled the plug on the simulator visit due to security concerns. Thanked Nev & Barbara Brown for securing a shelter shed for our meeting and lunch. Thanked Jan Blake for having instructions from John Pritchard on use of new website.

Attendance and apologies as per attendance sheet. 32 members and visitors present.
Minutes of last meeting as per newsletter. Alex moved they be accepted, 2nd Barbara Brown.

Business arising:

- New website up and running, log in to see photos of Christmas dinner. Jan Blake is very pleased with the new site and is confident after her instruction discussions with John Pritchard.
- Alex and Kim bowers are still negotiating with the Disabled Riding School for photos of staff with the computer donated by our club (to replace computer equipment lost in floods).
- Christmas function. Alex has been in touch with a private caterer who will cater a 2 or 3 course smorgasbord meal, including plates, cutlery etc. (no tea or coffee) for \$16 to \$30 per head. Ningi Hall was nominated as a possible venue. Members to put suggestions for alternative venue on website. Date 26th November 2011 (if unavailable 19th November). BYO drinks and club will supply tea and coffee.
- AGM Sunday 30th October, 2011. It was decided to book Storey Brook Cottage for breakfast. As the venue is limited to 55 members for catering purposes, payment will need to be made in advance. All members welcome to the meeting but breakfast numbers will be on a 'first in' basis.
- New members, Garry Walsh, Stirling Francis and Andrew Karydas were welcomed to the club. Moved Shirley Jefferay, 2nd Alex.
- Alex presented a sample magnetic name badge which had been requested as an option by Alf d'Acunto at our previous meeting. Cost of badge \$10, current badges approximately \$3; no decision made.

Top Ten Reasons Why Men Prefer Guns Over Women:

10. You can trade an old 44 for a new 22.
9. You can keep one gun at home and have another for when you're on the road.
8. If you admire a friend's gun and tell him so, he will probably let you try it out a few times.
7. Your primary gun doesn't mind if you keep another gun for a backup.
6. Your gun will stay with you even if you run out of ammo.
5. A gun doesn't take up a lot of closet space.
4. Guns function normally every day of the month.
3. A gun doesn't ask "Do these new grips make me look fat?"
2. A gun doesn't mind if you go to sleep after you use it.

And the Number One reason why Men Prefer Guns Over Women.....

1. You can buy a silencer for a gun!
