Minutes:

Members were asked if they had all received and read a copy of the minutes. John moved that the minutes of the last meeting be accepted. Seconded by John Embleton. *Motion carried.*

Business arising from minutes:

John mentioned that the QCC sent an email to state that they have not been receiving a copy of our newsletter. John had been sending it to an old address. This has now been rectified and the newsletter is being sent to the correct address.

John commented on the fact that the response to the QCC rally coming up has been very poor considering the amount of clubs and that our own club participation is also poor.

Combined Council Report:

Denise and Graeme attended the QCC meeting held on Thursday 24th May. In the general business part of the meeting, Denise stated that we were very disappointed in the lack of response by other clubs for the QCC Rally. Denise checked that clubs had received all the information regarding the weekend. Most members said that they had received it. Denise stated that she felt the QCC had not really pushed this event to clubs as most people did not seem to know much about it. A letter was sent to QCC, via email, outlining our disappointment in regards to their lack of interest. Denise stated that our club has done very well considering the little help they have received from the QCC.

Not much else to report, just a general rehash of what has been discussed previously. Christine Stevens has a meeting scheduled with Queensland Transport on 10th July with regards to:

- To introduce Transport Inspector and contact for compliance issues
- To introduce Policy Officer who has researched the SIV schemes operating in other states and is interested in any comments on more club involvement, the use of log books, restrictions of use by days per year.
- To address any SIV scheme issues that need to be raised
- To discuss the legal advice received and the "what now" on the club membership issue
- To discuss the recommendations listed in the report to the Director

Further information will be forthcoming after this date.

QCC are calling for members to think about taking a position on the committee, particularly the Secretary's position. This is very hard to fill as it entails a lot of work.

A motion was carried to have the QCC meeting bi-monthly instead of monthly for a 6 month trial period commencing in July.

Greg Stevens presented Graeme and Denise with posters for the upcoming QCC rally to distribute around Caboolture.

The next QCC meeting is to be held on Thursday 28th June.

Rally Report:

Many thanks to Peter and Gladys Rohan for organising today's run. A lot of fun was had by all. Peter pointed out new upcoming rallies and you should look in your newsletter for upcoming events (see Page 9).

The RACQ Motorfest is coming up. If you want to go you will need to register by 8th of June - see the club website to download a copy of the registration form if you do not have one. Julie mentioned that the RACQ

are not really happy with the RNA and she thinks that they will be having the Motorfest at Southbank next year. This is still to be confirmed.

Raffle:

Amount raised: \$88.00

Thank you Robyn and Neil for today's raffle.

***** Members please do not forget - donations of prizes would be gratefully appreciated. Please see Robyn or Neil if you would like to donate a prize for the raffle *****

Winners: Kim Bowers, Jim & Sandra Croft, Hudson Davies.

Congratulations to our winners!!

General Business:

Combined Council Rally update:

Geoff told members that everything is ready to go. The only thing left is to attend and have a good time. We have about 90 people attending with around 48 cars. Geoff stated again that there is a poor turnout from our own club, but those that are attending will have a great weekend. Volunteers will be informed of where to be etc, prior to the runs on each individual day.

The raffle being held for the QCC Rally will hopefully raise a few more funds. A beautiful quilt has been donated by Pam McPherson as 1st prize. Thanks so much Pam for your generous donation. 2nd prize has been donated by Bunnings Timber and Hardware. It is a wheelbarrow with 4 power tools. Thanks to Bunnings for their generous donation also.

John Embleton spoke about the weekend away on 3rd, 4th, and 5th August at Crows Nest. We have about 40 people attending, so this will certainly be a good weekend for all. Please let John know if you wish to attend as accommodation is now becoming limited. John will inform attending members the address etc, and times closer to the date.

John also spoke to members about selecting a group of people (as per the AGM) to speak to club members about taking up a position

on the committee for 2008. John stated that John Pritchard may not and Denise will not be taking up committee positions for 2008. So come on, start thinking about it! The outgoing committee will be more than happy to help you in every way - it is not hard, honest!

Denise asked members to please thank the QCC committee for their hard work and giving up their free time to organise the QCC rally. Thank you very much!

John P. advised members that a letter has been received from Sue Droughton resigning as assistant Social Director due to family and work commitments. We wish Sue all the best and look forward to seeing both her and Richard when they are able to attend runs.

Denise advised members that a letter has been received from Vera Friar asking members if they would like chocolate cake for the GY Rally this year as it was so popular last year. A vote was not even needed, all members were more than happy for Vera to supply a chocolate cake. It was quite unanimous. Thanks heaps Vera!

John P. said that he has been receiving many emails regarding using our cars as wedding cars and if we are able to do this. On concessional registration we can only use our cars for the immediate family however, Les stated that you can get 1 day special registration for \$87.00 and get a special plate from Queensland Transport - then return the plate for a partial refund the next day. Please ask Queensland Transport about this to confirm any details.

It was with sad regret that John informed members that Gloria's husband has passed away. Our sincere sympathies and condolences go out to Gloria with our best wishes. Also to Rob Blake and Sid Hartwell - we are thinking of you. Both members are in hospital and we hope you both get well soon.

Julie asked members if they would prefer a Jukebox or a disc jockey for the Adults

Xmas Party. Members voted that they would prefer a disc jockey, so Denise will speak to her friend and see if she can get prices etc. If this is too expensive we will stick to a Jukebox for \$195.00

Winners of today's run/observation questions were:

- 1st - John & Donna Embleton,
 - 2nd - Geoff & Gillian Smith
- Congratulations to both couples (especially Donna as she did all the work!)

After no further business the meeting closed at: 11.55am

HAPPY BIRTHDAY!

to the following members for *June*:

2007 COMBINED COUNCIL RALLY REPORT

Held on 9th, 10th and 11th June 2007

Hosted by the Classic and Historic Automobile Club of Caboolture

Reported by John Pritchard

I am pleased to announce that this year's rally was a resounding success. Attendance numbers were a little down compared to past years which means that we probably over catered a little. Naturally, there were no complaints about the fresh daily tucker or the facilities.

Saturday began pretty darn cold, especially for those who arrived early. Luckily the sun came out soon and stayed out for the rest of the weekend invigorating us with nothing less than perfect weather for the rest of the weekend.

After all had arrived, registered, received their bag of goodies and program, we took off for a short scenic rally before assembling in our vehicles at the showgrounds to entertain the masses as part of the Caboolture Show Grande Parade. This was followed by a just as grand lunch then off to the nearby Historical Village to complete a questionnaire and an afternoon tea that couldn't be beat. The Historical Village was unusually deserted on this particular afternoon due to the Caboolture Show occurring this same weekend but it was none the less an enjoyable afternoon for all. Some of us even enjoyed a couple of afternoon lagers at the historic hotel

with afternoon tea. We all departed company around 3.30pm to meet up again for dinner later in the evening.

Dinner on Saturday was at the local Bowls Club beside Centenary Lakes. Even the hardest nosed sceptics were not disappointed with the dinner and dessert.

We had all eaten so well that hardly anyone

took up the kind offer of seconds. After dessert, the CHACC treasurer and I announced the winners of the prizes for the day and outlined the timetable for Sunday's events. With all the formalities out of the way, the band returned to the stage to play us more popular songs from last century. They should be congratulated on their performance which pleased even the most discerning musical ear.

Sunday arrived and we all assembled for a leisurely 240km scenic drive around the western side of the Glasshouse Mountains, stopping at Beerwah State School where the P&C committee had put on the most wonderful morning tea I've ever seen. Wow, we were all gob smacked by the abundance and variety of homemade goodies on offer. They truly deserved the three cheers and round of applause we gave them.

Pretty soon we were all behind the wheel again and making our way up a twisty road to Kenilworth where we stopped at the pub for more great food and naturally, the obligatory drop of local amber fluids. From there we each departed for the afternoon to work up an appetite for dinner later in the evening. Some even stopped off at the local cheese factory for massive locally made ice creams.

The Presentation Dinner on Sunday night was at the Caboolture Golf Club. What can I say, more great food, commendable service and more serenades from the same great band who

entertained us on the previous night. Julie and I again hosted the presentation while Denise took pictures. Our CHACC vice president, John Embleton thanked everyone who had put in an effort to make this weekend great, including all the attendees. Thank you too John.

In the absence of a Combined Council representative, Richard Eggesfield who is an ex-secretary for the Combined Council and from the Bayside Vehicle Restorers Club (BVRC) happily volunteered to present the trophies on their behalf. It should also be mentioned that Richard's club, BVRC, will be hosting this rally in 2008, and if their enthusiasm is anything to go by, you can bet that it will be a fantastic weekend as well. Further information from BVAC will be forwarded to CHACC and will be raised during our monthly meetings. If you would prefer to contact Richard directly, please see me and I will provide you with his contact details.

Monday proved to be another glorious day. We motored away on a poker run where each car received a different card at a series of check points to total five cards per car. Once we reached our destination the holder of the best poker hand was determined and deemed the winner of the rally. Our destination was the Caboolture Aero Club where we had organised a static display of our cars and historic motorcycles brought along by Ulysses Club members. There was free entry into the war plane museum for attendees, fly overs, parachutists and aircraft displays. Quite a lot of public also turned out to see all this impressive machinery in one place and everyone enjoyed showing off their pride and joy to all those interested.

The only hitch for the weekend was that the Aero Club was not suitably prepared to cater for us all even though they were aware of numbers well in advance. The food was excellent; however some attendees had to wait up to two hours to be fed as they could only cook in small batches.

No one seemed overly concerned though, the general reply to our apologies was that it didn't dampen an impressive and successful weekend overall.

I earnestly congratulate CHACC members for hosting a wonderful event that will be remembered by all attendees. A big thank you to all those who volunteered in any way, big or small, throughout the course of the rally, without you guys our smoothly organised weekend could have been a shambles in practice. Last but not least, a very big thank you to the rally organising committee who have had regular meetings for over a year, canvassed for sponsors, tried to knock down walls to promote the event and too much else to list here; you did a magnificent and tireless job.

Organising Committee:

- Geoff Smith (Chairman)
- John and Donna Embleton
- Julie Walters
- Nicole O'Keane
- John Pritchard
- Shirley and Richard Jefferay

This report, more details and pictures from the event will be available at www.chacc.com/CCR07/ hopefully before the end of June 2007. ☺

FROM THE SECRETARY'S DESK

Hi to you all. I hope that all members are well and that the last month has been good for you.

To all you members who have not attended runs of late – please come along, we would love to see you. I know sometimes we appear to carry on a bit about the committee positions and for more members to involve themselves, but please remember without this participation we will not have a club! I can only speak for myself and Graeme but we love coming on runs, and we love to see you all and to meet new people. It would certainly be a shame if our club fizzled out because of poor member participation – don't let this happen!

Well guess what - we are going to be grandparents again! This will be our third – due in January so we are looking forward to welcoming a new family member.

To all those members who are not well at the moment (Rob Blake and Sid Hartwell) get well soon!!

Well here are some more of my useless bits of information for you.

- The Outer Space treaty, signed by all major countries in 1967, means no country can claim any territory on the moon – but a loop hole means a New Zealand man can sell land there (Bloody Kiwi's!! - no offence intended – I am married to one).
- The city with the most Rolls Royce cars per capita – is Hong Kong
- BMW made the first jet engine
- The first cars had levers rather than steering wheels
- The original Volkswagen was commissioned by Hitler's third reich. The name means "Peoples Chariot" in German
- Grand Prix racing began in France in 1906
- The McLaren F1's engine bay is lined with 24 carat gold
- After the release of the James Bond move "Goldfinger" in which Bond drove an Aston Martin DB5, sales of the car went up by 60 per cent
- The Corvette Z06 uses balsa wood in the construction of its lightweight chassis
- Most expensive car in the world to date: The Bugatti Veyron 16.4 \$1,537,753 (if you are a Top Gear fan – you would have seen Jeremy driving this on a show recently)
- The average car contains approximately 15,000 separate parts
- The most expensive phone number in the world was auctioned in Qatar last year and it sold for \$1.93m. The lucky number? – 666 6666
- American money is green because when banknotes were introduced in 1929, green ink was cheapest
- To make Australia's \$20 notes literally weigh a "tonne of money" you'd have to have \$19.6 million
- The term "buck" came from the Old West, where buckskin was used to trade with Indians
- 96 per cent of all candles sold are bought by women
- Every year more than \$2.6 billion worth of candy is sold for Halloween
- At \$20,000 a night, the most expensive hotel in the world is the Emirates Palace in Abu Dhabi
- Americans spend almost \$39 billion a year trying to lose weight
- Al Capone made around \$77m a year during Prohibition
- If you had \$10 billion in dollar coins and spent one every second of every day, you would go broke in 317 years
- Malboro, Coca Cola and Budweiser are the world's most valuable brand names
- Nearly 50 percent of bank robberies take place on a Friday
- On average, there are 18 million items for sale on ebay at any one time
- American donut chain Krispy Kreme don't spend any money on advertising
- About 2.4billion CD's are sold annually. The number of recorded CD's and the number of blank CD's sold is about equal
- Adjusted for inflation, "Gone with the Wind" is the highest grossing film
- Clint Eastwood once beat up four sailors in a bar for "having bad manners"

Well again, that's it for me folks.

'Til next time, safe and happy motoring to you all.

Denise.

ADVERTISING ON THE TAILGATE PAGE

The Tailgate has been very quiet over the last couple of months with no items being advertised for sale.

Just a reminder to members and their friends that we can advertise not only items you may be trying to sell, but also items you may be looking to purchase, even businesses. To advertise in this space is free of charge, but a donation of a raffle prize would be greatly received.

If you have an item for inclusion, please send it through to either editor@chacc.com or president@chacc.com or contact Nicole or John via telephone on (07) 3325 1834 (a/h) and we will ensure that it is included in the next Steering Column Newsletter to be distributed.
