CHACC RUN SUNDAY 3rd July (Written on behalf of Raffle winner Huddy)

All started off OK with vehicles turning up at the Sundowner and ready to roll at 9.30. What we did not know until about ten past nine was that our hosts Les and Widge had a bit of a problem and needed some assistance and Kim and Carol drove off to the rescue! Plymouths don't break down! Must have been the mechanic's fault! By 9.30, all was well and we got away on our run.

Our destination was the Glasshouse Mountains Lookout. As most knew where we were going, the omission of the directions to look for the Glasshouse Lookout sign on Berrburum Rd and that the big Tourist sign at the right hand fork had been pushed over, we all managed to arrive at the lookout for morning tea. This quite a popular spot and became busier as the morning progressed. We settled in for our cuppa and soon Alf was about with his raffle tickets and Elaine with her "Bobbies" hat on started collecting fines with Les and Widge collecting the biggest one for being late at their own rally! Yours truly copped one also. I think it was because I happened to be there! Fines totalled \$8.00. I think they are all waking up to you Elaine and everyone is on their good behaviour!

The raffle prizes were drawn and the winners were:-

- 1st Huddy
- 2nd Peter
- 3rd Jenny

A sum of \$96.60 was added to the clubs funds as a result.

Alex conducted the rally meeting and advised that nominations for positions on the committee need to be canvassed as the entire committee is retiring this year and all positions will become vacant so think about becoming involved in your club.

Jan was kept busy accepting yearly subs and writing out receipts and membership cards for 2012. We departed from the lookout to our destination at "Strawberry Fields" strawberry farm for lunch. Just as well Elaine was not behind me as we reached the bottom as in a "seniors moment" (talking), I turned right instead of left. Whoops! Did a uey and was back on track! One thing about small cars, they turn on sixpence and you don't need power steering.

When we arrived, the tables were then set up on the grassed area at the back of the main building and the smorgasbord tucker laid out but before we could eat, the quiz of what car belonged to what emblem was to be decided.

The eventual winner with 32 points out of a possible 38 was President Alex. This was a great quiz and made us get the old memory working to remember some of them.

The lunch was again well presented and plentiful and enjoyed by all. After lunch there was the usual chinwag by all and sundry then packing up to return home. The weather was a bit spasmodic with cloudy to sunny and back most of the day but generally fine.

Hope everyone enjoyed the day!

Peter

CAN ANYONE HELP?

To: editor@chacc.com

Subject: Enquiry

Hi

I have found your email address on this website and wonder if you could help me.

My son is a year 10 student at St Laurences College in Brisbane. He is mad about cars in general, but in particular about Classic cars. He is looking to do a one week work experience placement either in the September School holidays or in October this year, with a view to finding either a school based apprenticeship or full apprenticeship in the field of rebuilding classic cars.

I wonder if you could recommend any businesses you may know of that would be interested in a very keen young man?

Many thanks

Heather

Mid week Run Report 11th May 2011

This morning's run had been organised by Jan and Graham Beatson, who provided an easy to follow run sheet, and a suitably difficult (for us) set of automobile trivia questions. The destination was the Taoist Temple, just off the Gateway motorway, and I'm sure many of us have passed the sign and wondered what this place was. Well, wonder no more!

The Ching Chung Taoist Temple sits next to the Gateway Arterial Road. It was built at Deagon in 1991. The Evergreen Temple is the largest Taoist Temple in the Southern Hemisphere. It also included an Aged Care facility open to all denominations, and the occupants can be seen around the environs of the Temple – enjoying the serenity and lush green surroundings of the gardens.

Classic and Historical Automobile Club of Caboolture Inc.

Taoism is an ancient Chinese religion and philosophy. The writings of the Tao Te Ching promote natural harmony with nature. These writings are considered to be influenced by Buddhist ideals, Confucian philosophy and traditional ancient Chinese mysticism.

Taoism has greatly influenced the arts of China, which is evident in the sprawling complex full of colour, statues and ornate trimmings. We were warmly welcomed through huge wooden doors into serenely beautiful courtyards by our gracious host, Sister Linda Yuen, who proved to be a knowledgeable and interesting guide.

There are three Halls which were built according to Taoist beliefs The Hall of Three Purities, the Hall of Three Masters and the Hall of the Spiritual Garden. There is also a Memorial Hall of Ancestors

As Confucius says "A journey of a thousand miles begins with a single step," and we began our journey under the guidance of Sister Linda who went to great lengths to explain the beliefs and reasoning behind the statues, and the different types of offerings placed before them.

The path to our enlightenment of the Taoist beliefs was smoothed by the patient and concise descriptions of the Gods and their attendants, as retold by Sister Linda, in a most fascinating and logical manner.

At the end of our tour, all agreed that it was certainly a very educational and enjoyable experience.

Also included for the first time in our tour group was an in-patient from Coinda House (Greg) and his carer Cara. Cara had contacted the club because Greg had expressed an interest in classic cars – he was a panelbeater/spray painter – and she thought a run with some enthusiasts would help his rehabilitation. As it turned out, he enjoyed it immensely, and was able to relate to our members during his time with us, so much so that when he returned he asked Cara when our next run would be!

Special thanks must go to Kim & Carol for collecting Greg and Cara from Coinda, and to Hudson and Ita for taking them back.

By the way, your now enlightened correspondent was the lucky winner of the trivia quiz, and took possession of an extremely ingenious and well made metal model of a 3 wheel motorbike – which is much appreciated. Thanks again for a well run outing to Jan & Graham.
