Sunday Run 13 September August 2015

Sunday September 13th run to Bribie Island. What a fine day for a run, warm & sunny.....which is always a good start when Richard decides to take out the Country Buggy!!

Think Carol said it was a record turn up for the year... (36 but don't quote me, we were late ALL day)..... sad considering the number of members & the effort those organising put into sorting a monthly run for US members.....and it was a sudden change from the scheduled Redcliffe run.....all I can say is WELL DONE Bowers both.....you excelled!!!

Lovely morning tea stop (oh yeah.....plus a meeting) at Banksia Beach, we were last there.....yeah, surprise surprise eh.....slight bit of "site seeing"! Expected to get the evil eye of our "sarge at arms", but she must have already got 'em!!! Phew!!!!!!!

Then onto the Gem Show....those that were brave enough to go, others opted to go straight to the lunch spot.....at 11.00!!!!!! Not us, plus the Rohan's & Bell's.....what a great show, so much to see, we were all very impressed, it seemed to go on forever. Not only gems, but fossils.....they were amazing, woodworks, jewellery, pottery, plus many other crafts! Well done Bribie!

Then onto our allocated spot for lunch, as you can tell from my pic, should it be clear enough to get in.....right on the water....some had a lovely lunch on the veranda of Carols selected spot, but as we were there much later, we went just down from them to an equally lovely spot, with the other late arrival's & had ours right on the water as well!

Thanks all for a great run, great company and a great Gem show, thanks Carol & Kim, excellent choice! Really appreciate your efforts in getting us there for the day.

As we can't make the November meeting / Christmas Do, & not sure about the 'proposed' December run yet, this may be our only chance to wish everyone well for Christmas.....good grief, Christmas.....is it just me, or has this year disappeared???

Cheers members & thanks again to ALL current committee members for their efforts throughout 2015! We haven't been very much this year, tripping about, but enjoyed what we did get to.
Thanks Shirl J

SOCIAL UPDATE:

- **AGM & Christmas Lunch** – We finally have a date and venue. December 12th, which is a Saturday at the Centenary Lakes Sports Centre, 16 Stringfellow Road, via Riverview Street Caboolture. You can access it via Morayfield Road drive up past the tennis courts and through the lakes or via King Street. We figure if you get there just before 11am for our AGM which hopefully shouldn't take more than an hour and then lunch will be served. We do however need numbers, so please phone Elaine or Alex on 54331586 or Carol on 54954683 if you are able to attend. Feel free to bring a friend or relative as we need 50 attendees to save us the cost of the room hire. Thankyou Elaine for all your quotes and hard work in working this one out.
- **AGM** - I will be attaching a Nomination Form to this newsletter as we need some other members to step up to take on some roles. Kim and I will definitely be stepping down from any active roles as we have plans for next year and will be away for a couple of months. In saying that, more than happy to help out anyone wishing to put their hand up for a position. I also know Graham Beatson sadly will be stepping down from his Rally Director role as he and Jan have other plans and interests but will still be remaining club members. So **please**, some of you new and old members whom I know love this Club as much as we do, please contact a current committee member to express your interest in keeping this wonderful Club going. Don't sit back and think someone else will do it.
- **MEMBERSHIP RENEWALS:** - Renewals are still coming in and we thank you in anticipation if you haven't quite got around to it as yet.
- **SAD NEWS:** CHACC has sent it's sympathies to Pam Mc Pherson who unfortunately had to deal with her son Geoff's passing recently. She has responded with a lovely thankyou note to CHACC members.
- **MORE SAD NEWS:** We just completed the 30th anniversary of the Perpetual GY Rally Trophy, which was inaugurated in 1985 by Peter & Vera Friar who had 3 Vauxhall GYs. Peter died less than six years later but CHACC and Vera carried on the annual run. Below is a communication from Vera & Peter's son Ian in which he asked that we remove her from the mail-out list for our SCN's. I do have a current address for Vera in England if any member wishes to contact her I will pass on.

“Mum travelled to the UK earlier this year and unfortunately has become very ill and unable to return to Australia. Both my sister and I are trying to get her into a nursing home in the UK and I am here currently in Australia for a couple of months trying to tie up any loose ends. I know both my late father Peter had and Mum still has fond memories of CHACC events and car club events are the things that mum talks about most. Dad's 3 Vauxhall GYs were their pride & joy.”

BUM A RIDE Feel like catching up with your CHACC mates but don't feel like driving? Unable to drive – not feeling well, but need an outing? Run too long – don't feel like driving that far? If you answered YES to any of the above scenarios – then pick up the phone and request a lift or wander down to the Sundowner and get a lift from there!

This Month's Car Quiz

Q: Which famous car did Professor Caractacus Potts drive?

Feel free to phone 54940801 or email your answers to the editor at editor@chacc.com

Last month's Quiz Answer

We have a winner for last month's quiz: Stan Vallance

Q: All motor vehicles in the U.S have a VIN. What does VIN stand for?

A Vehicle Identification Number (VIN) is a unique serial number used by the automotive industry to identify individual vehicles.

Did You Know?

Bar codes (or UPC's) are small, coded labels that contain information about the item they are attached to; the information is contained in a numerical code, usually containing 12 digits. UPC's are easily scanned by laser beams. The UPC may contain coded information about the item, e.g. its manufacturer, and place of origin, the destination, the owner, and any other data. The first "bullseye code" was invented by Norman Woodland and Bernard Silver in 1948. UPC's were first used in grocery stores in the early 1970's.
