QHMC Report:
Andy Byrne

As per my verbal report at the General Meeting held at Kilcoy on the 10th September not a lot to report at this time, briefly what was in the minutes of the last meeting of interest was that NO definite answer yet on the word "RALLY" the question was raised again and at that time nothing had been heard back from Suncorp but a response is now expected.

Registration Fees; Craig Williams sort clarification on behalf of one of his club members as to why QHMC & other similar organisations/groups were not pushing to have these in line with other states. Russell Manning advised that other states registration schemes are not comparable and are so different. – Craig asked if QHMC should push for registration fees to be more in line with other states. A discussion followed on the topic – No final decision had been made, however it is unlikely at this stage, it was also brought up in the discussion questioning why there is bigger percentage saving on concessional registration for cars than bikes.

VICE PRESIDENT REPORT

The latest Sunday Run 10/09/17 showed a good support for Jenny Vallance Run to the Linville Pub for lunch, with a great collection of Classic cars, we were joined by the Scott's [visitors] with their attractive E Type Jag "silver" hopefully they might be possible new members, also on the run was new member Paul & Peta Johnson with their 1977 Holden Kingswood V8 on its maiden voyage [first run] & it performed well.

On Sunday there was a lot on with special days @ Lakeside on 9 & 10th September, Mini Muster & Morris day & other major events to attract members but the club still had an excellent turnout, Lew Vincent on behalf of the members on the run thanked Jenny & Stan for organizing a great day, and the members showed their appreciation.

One Dating Certificate was issued in the past month it was for Paul Johnson's 1977 Holden Kingswood. November is not that far away now and that is the time for our XMAS party and the Club's AGM, I would encourage all to give some thoughts to what you can do to assist the club with organizing "RUNS" for the coming season – SUNDAY'S – WEDNESDAY'S [midweek] as this calendar for the year 2018 hopefully can be done quickly to save time @ the AGM.

Remember all positions become VACANT @ the AGM now is the time to give some thoughts - consideration to what you can do to support your "CLUB" in the coming year.

Keep supporting your club, Safe Motoring - Kind regards Andy Byrne. [SEPT.]

Classic & Historical Automobile Club of Caboolture Inc. Run Report Sunday 10th September 2017 Linville via Kilcoy

Well it's that time again, who wants to put their hand up to write a run report? Certainly not me! Funnily enough, one of our shiftiest members (initials Andy Byrne) maintains he saw my right limb raised – and, seeing as how I had that very hand in my pocket fishing for coins for that other great (but lovable) con-woman Sally “Sergeant at Arms” Byrne, I thought I was safe. Unfortunately in this case wedding vows are thicker than cash, and she supported her husband's contention that my limb was moving in an upward direction! It was rising with coins in it to deposit in her upturned hat as a donation. When will this fraudulent chicanery about run report writing ever end?

So here we go again, the day dawned bright and sunny with the promise of a good turnout for our run to the Linville pub. Sadly Eldon's wife Joyce was on the sick list, as was Lindsay Bell and our thoughts and prayers are with them in their trying times.

Charlie and Sandy Provis made a welcome appearance, and despite her trials and tribulations, Sandy is always good for a laugh. We had new members, Paul & Peta Johnson in their great looking HZ Kingswood, (welcome) and a pair of prospective members in Ian & Aldona (with one “n”) Scott. Hope they join, in spite of the drool Ian will have to wash from his immaculate E-Type, after each run!

Anyway, Jenny Valance had put together a different and interesting way to get to the D'Agular Highway at Wamuran, and then our morning tea stop at Kilcoy where we caught up with a few others (including our President Neils, and his wife Aileen) and prepared, or is that “braced”, or, “girded our loins” or even “stiffened our resolve” to get through another monthly meeting. As it turned out it was not that bad, and most of us escaped unscathed. Only problem was, in our relaxed and unsuspecting reverie we were pounced on by that ubiquitous “Demon of Donations” Sally Byrne in her SOA guise. Complete with her dreaded notebook of alleged misdemeanours she went about her task with cheerful abandon in the knowledge that any monies will be thankfully received and faithfully applied to a needy cause.

So, dear friends, after all this bonhomie we climbed into our trusted steeds and (with apologies to James Russell Lowell) pressed “*upward still, and onward - we ourselves must Pilgrims be, launch our vehicles, and steer boldly through the desperate traffic tribulations*” to the lovely Linville Pub.

!!! Spoiler alert: Spoiler alert!!!! After my previous warning about not following certain people on runs because of their propensity to mislead, I must regretfully add Mr Andy Byrne Esq. to that list. I will not go into the embarrassing details – *well not here, but available by email from your correspondent upon payment of a small fee to cover postage and handling* – suffice it to say, it was disconcerting, to say the least.

Anyway, we all arrived at the Linville Pub (except Leo and Marge) who headed back for reasons unknown, and proceeded to arrange ourselves around the tables provided. The meals were tasty although a little behind schedule, but good company always trumps and other distractions...Right?

And so it was today, with a sustained level of chatter and laughter, complimented at the end by a thoughtful little gift for everyone courtesy of our run organiser Jenny Valance. A great day, a well-planned run, and a lot of nice people to share it with.

Thanks Jenny & Stan for the effort you put in!

Linville Run September 10th 2017

Directors Jenny and Stan Valance

Jenny and Stan have been part of Chacc, and another club that we won't mention, for a long time. They stand out because they are worker bees and pitch in. When they propose to run an activity, you know it's worth getting out of bed for. Here endeth the unpaid platitudes to the Valance family.

Lunch was at the Linville pub. It's been there since 1911 apparently. The approach is like "Skyline" at Mount Panorama. A rapid vertical climb and suddenly there you are. The cosy hamlet doesn't need parking meters yet, so finding a spot for one's steed without hailing a cab wasn't an issue. We were given to understand that there was a wedding on the premises the day before. The old building looked to have survived the experience, as did the staff.

A large group of Motorcyclists were also enjoying the local charm as well as meals on offer, at the time we were there. No doubt the Pub's resources were under pressure. Lew Vincent drew our attention to the fine job that the directors did putting the run together. Forks were downed while members contributed to a well-earned round of applause. Thanks again Jenny and Stan.

Mid-Month Run Report 20th September 2017

Toorbul

What a magic part of Australia we live in, waking up to blue skies nearly every morning with today's predicted weather report being sunny and max 26 degrees, a perfect day for a CHACC run especially with the top down. Marie and I left home at 9.35 am to meet fellow members at the Sundowner Hotel at 10am. I now know why I don't gamble as I said to Marie yesterday that I have noticed that members on a midweek run normally have a cuppa at the hotel before leaving, so I said do you want to take a Thermos, I was told NO. As we proceeded past the hotel we looked over to the carpark and noticed that there was at least 6 classics already assembled which was very pleasing. We parked the MG and then noticed that members had formed a circle of chairs and enhanced in chit chat and no one was having a cuppa, good call Marie. It was very pleasing to see Neville and Barbara Brown in attendance and Neville looking quite fit. We also had potential new members attending Ian (Scotty) and Aldonia Scott in their Silver E-Type Jaguar from Clayton Street at Sandgate, which I questioned if that was really a Street. They live a couple of houses from John Lennon who is not a Beatle and I know through friends. One of the Life Members Darryl Byrne arrived accompanied by his navigator, Fay who I knew through mutual friends, such a small world. While we were enhanced in conversation I was politely told to get the run started.

After detailing the run and pointing out some turns that might cause problems we headed off with my MG leading the way with special instructions from Sally not to go like a bat out of hell. A little bit of traffic through Caboolture as we all got every red light but after turning into Bellmere Road we had no traffic lights to contend with. A very pleasant run past farms and hobby farms to Wamuran, crossing the D'Aguilar highway and proceeding down Newlands Road only to be stopped by road works and a bit of damp gravel road. On reflection, I should have planned a different route to bypass this stretch of road. After this section we had a good run past many Strawberry Farms some who were still picking and some who had just let their strawberry plants die. We crossed Beerburum Road and made our way through some lovely homes on acreages in Bigmor Road one with a new pool with a stone water slide. Once we got to Pumicestone Road it was easy sailing to Toorbul only stopping for more road works which had no dirt.

One of the farms we passed just before Toorbul had permanent farm animals in the paddock, a spotted cow, a pink pig, a horse and the farmer pushing a Victa mower, quite novel. We arrived at the Park and had 2 covered Tables, clean BBQ, Toilet Block and a playground for young at heart and the Moon had arranged for the tide to be in. A very pretty spot quiet and picturesque. As members arrived one member asked what I had done wrong, don't know I said, only to be told that we went through Dirt. We were missing 2 cars and eventually Kim and Carol turned up with Hamburgers and chips. I choose to sit with the chips and then the Banana cake good choice.

It was a very nice and enjoyable day and thanks to those members who have given me positive feedback.

Members in attendance: 11 in all - Alex MGB, Andy & Sally MGB, Kim & Carol Mercedes, Barry MX5, Noel Morris Minor, Ian & Aldonia E-Type, John – FC Holden, Peter & Toosje Mustang, David & Marie MGB, Darryl & Fay Modern Ford and Neville & Barbara who took a wrong turn and ended up at Donnybrook, and were OK.

History Snippets

By Warwick Outram

Bongaree's First Motor Car

In 1919, young Ian Hall went with 'Artie' of Hall and Bestmann fame to Brisbane on the 'Koopa', picked up a 1914 Talbot car then set out on a great adventure, motoring back to Bribie.

"There were no roads," said Ian. "We followed tracks sometimes taking a short cut across a farm with the owner's permission; otherwise, we skirted the property following the fence line. Often there was a maze of tracks and having taken the wrong one we sneaked across a farm rather than turn back".

It was a long time ago, but Ian obviously remembered it well. "We got to Caboolture but from there to Bribie was more difficult. There were no farms and only tracks for a horse and rider.

Occasionally there were cattle tracks with trampled vegetation, used by drovers getting cattle or horses down to the Passage and swimming them across to graze on Bribie Island. We cut our way through a lot of bush but made good time. We left Brisbane at daylight and reached the Passage just on dark. We camped near where Dad tied his raft for ferrying cattle across the Passage. Next morning with great difficulty, we got the Talbot on to the raft to bring it across the Passage. This car had many uses on Bribie Island but the most popular was the run and the southern end of the Island on the hard sand when the tide was out."

Bribie Island was without formed roads in 1919, so we assume Hall and Bestmann did not pay Caboolture Shire Council's Wheel Tax that, at the time, was levied on all motor vehicles.
