PRESIDENTS PRATTLE October 2020

With the weather being kind to us I'm sure you have been out giving your favorite girl a spit and polish then taking it for a spin to keep her running in tip top condition.

Most of our member remain with the club to take advantage of the cheap registration. At present there are no nominations for Committee positions. If these positions are not filled at the Annual General Meeting this club will fold. Bye bye cheap registration for your much-loved vehicle/s. Give some consideration to keeping this club alive by donating some time and offering your name forward. You ask why I am not putting my hand up to take on the responsibility of a position? Scotty (your current Secretary) and I will be taking PURRL our Jaguar MK2 for extended trips next year exploring this wonderful country we live in.

This year has been an extraordinary year with the club runs having to be postponed /cancelled. It was great to see a core group of members remaining loyal in attendance and we acknowledge the members who have advised that they prefer to remain in their form of quarantine.

I wish to give a huge thank you to the committee members and volunteers for their time, input and continued support throughout this topsy turvy year.

Stay safe, healthy and happy

See you on the road 'in the past lane'

Aldona

Secretary's Scribbles October 2020

Our club President's Run to Crows Nest is now behind us and focus is on who will stand up and devote some of their valuable time to the organisation required to steer your club into 2021 and beyond. It's not hard and it's certainly not rocket science and as a committee member you're part of a team and not doing it alone. In a way it's mainly all done using past experiences adapted to current and future requirements, all you need to do is commit just a little bit of your time and reap the satisfaction of your achievements.

It doesn't appear that widespread interstate travel will become possible for a considerable time with current Covid legislation however travel within our fantastic state is still ok. Aldona and I still have our planning active to travel by classic through NSW, Vic, Tas and SA starting January 2021. We do however have plan B activated which instead will see an extensive Qld and if possible also NT trip happen instead. Time will tell with how our travel dreams materialise.

This will be 2020 sign off for Secretary's Scribbles from me, hope your future is all you want it to be.

See you somewhere out there getting your classic dose of

"White line fever"

PRESIDENTS RUN 10th – 11th OCTOBER 2020

Well, where do we start? Not at the “Sundowner” for this little jaunt...try the Boondall Wetlands! Anyhow your correspondent, accompanied by SWMBO (She Who Must Be Obeyed) for a change joined our other eager members for what turned out to be a rollicking good time full of laughs, bonhomie and general good times.

So, after El President handed out the run sheets and a list of observation questions, we took off via the Gateway and the M2 to our first comfort stop – the Puma Service Station at Bundamba. Great lot of shops where we all purchased (non-alcoholic) drinks and used the facilities whilst Barry chatted up the lady at the coffee shop! Off again to the Gatton Motor Museum where we met up with Stan & Jenny and wandered around some of the paintings of war heroes from the area and some ANZAC memorabilia, very informative. BTW Stan looked pretty good too, not very red. Off again to our lunch stop through some very nice farmland at Lower Tenthill, then on to Veradilla and Grantham Scrub Rd to Lilydale (I thought that was just outside Melbourne?? Must have run out of new names) which was on Flagstone Creek Road and coincidentally on the way to the Barn & Scotty’s Garage for lunch...whew!

We found a great shady spot outside at a big table where we could all sit and watch a wedding taking place at the back of the barn, much to the amusement of our male members, with lots of comments about “page boys” and comments on the bridal party from our women companions – none of which can be repeated here! The restaurant was busy so we had a bit of a wait, but the meals were worth it, freshly made delicious and reasonably priced.

If you love cars, and are a child of the 60’s Scotty’s Garage is the place for you. Cars and relics of every automotive persuasion can be found here; from old style petrol pumps – where you really learned the meaning of “pump” (if you wanted petrol) -- to cars, motor bikes, old garage machinery, service manuals. You name it, if you went into a garage or workshop in the 50’s and 60’s you would recognise much of the maintenance equipment here, plus a lot of the theme based advertising and giveaways of that era. Through a door in the garage and you take a step back in time to the days of the diner and the jukebox; all red and white with Laminex tables and colourful neon signs...spectacular, and bringing back a lot of memories.

As Willie Nelson sang “On The Road Again” and we followed suit to the New England Highway, again through some great farmland and towns like Cabarlah, Geham and Hampton, then up the range to our comfort stop at the Ravensbourne National Park lookout. Absolutely spectacular views, then back down to eventually join the New England Highway again to Crows Nest. An extremely pleasant and well thought out journey with plenty of interesting sights and logical “comfort stops” through some of the best sightseeing roads around. Well done Ian (Scotty) and Aldona for a great outing.

No sooner had we found our cabins – with Kim taking the scenic shortcut through some campsites- than the tables were set up in a convenient space, and the nibbles, chairs and liquid refreshments were fetched and we sat down for a good old chin wag. We had a visitor and his wife drop by and the male being Scottish Alex offered him a “wee dram” and demonstrated his linguistic skills by speaking in his almost understandable native tongue to his new best friend. Kim stirred up Elaine about her politics and Alex regaled us with a story about an American farmer getting a divorce. Soon it was time to head off to dinner so, off we went, vowing to continue the merriment during the dinner and by then suitably lubricated, long after dinner was over at someone’s cabin. My recollection of events is somewhat hazy at this point so I will not embarrass anyone. What happens at Crows Nest stays at Crows Nest...until some money changes hands.

After a lovely breakfast, although Barry, John and your correspondent had trouble with the sourdough toast which was by mutual agreement from the three of us, close to HRB 55 on the Rockwell Hardness Scale!

For our Sunday Run, we tapped into the superb local knowledge of Stan and Jenny on the most scenic route to Woodford for our lunch stop at Woongooroo Winery. Suitably guided we had a nice leisurely

run to the destination where we met up with Alf & Jenny who had rolled up to a Sunday run organised by David Alsbury for those unable to attend the President's Crows Nest soiree.

This little winery was an inspired choice! Not only was the host cheerful and accommodating but also a great raconteur, a real down-to-earth wine expert, and somewhat of a bush poet, as well as reading with great emphasis some other published works. The cold meat salad was first class, the apple crumble with custard and cream divine, and the wines we tasted excellent.

A special treat was a walk up to where he was adgisting (?) some Llama's and feed some and watch them getting down like camels, and rolling on their backs. We could pat them if we wanted but the dust that arose from their dust rolling antics would choke you, as our host demonstrated. All too soon it was back to the winery for a coffee and some more chat before heading homeward bound.

Again, thanks to Aldona and Scotty and all those who came, both on the overnighter and those who joined us at the winery. You all made it a great experience and I'm sure we all enjoyed getting to know each other a little better and the fun and stories we shared. We WILL do this again!
